

RESOLUTION 06.2019-03 (A-20)
MISSION AND VISION STATEMENTS

ISMS Board Action Taken on 01/25/2020

Deferred consideration of Resolution 06.2019-03 (A-20), and voted that this resolution be addressed and incorporated into the Special Committee's final recommendations at the conclusion of the three-year pilot initiative, as recommended by the ISMS Special Committee.

ISMS Special Committee Recommendation to ISMS Board on 01/25/2020

The ISMS Special Committee agreed that new mission and vision statements are needed for a restructured ISMS. Because the three-year pilot process is underway, the Committee recommended deferring consideration of this resolution until the end of the pilot when there will be more complete perspective. The author, ISMS President Paul Pedersen, M.D., agreed with this approach.

The ISMS Special Committee recommends that the ISMS Board of Trustees defer consideration of Resolution 06.2019-03 (A-20), and that this resolution be addressed and incorporated into the Special Committee's final recommendations at the conclusion of the three-year pilot initiative.
