

ISMS 2021 EHR Survey

In November 2021 we surveyed Illinois physicians asking about their EHR productivity and use.

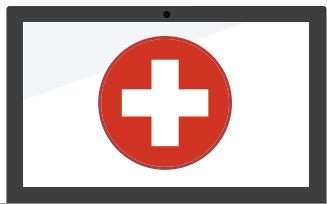

DO YOU USE AN EHR?

Most physicians who don't use an EHR are not employed by a hospital or health system.

14% of physicians who practice outside of a hospital or health system do not use an EHR.

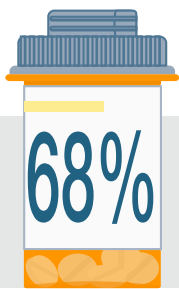

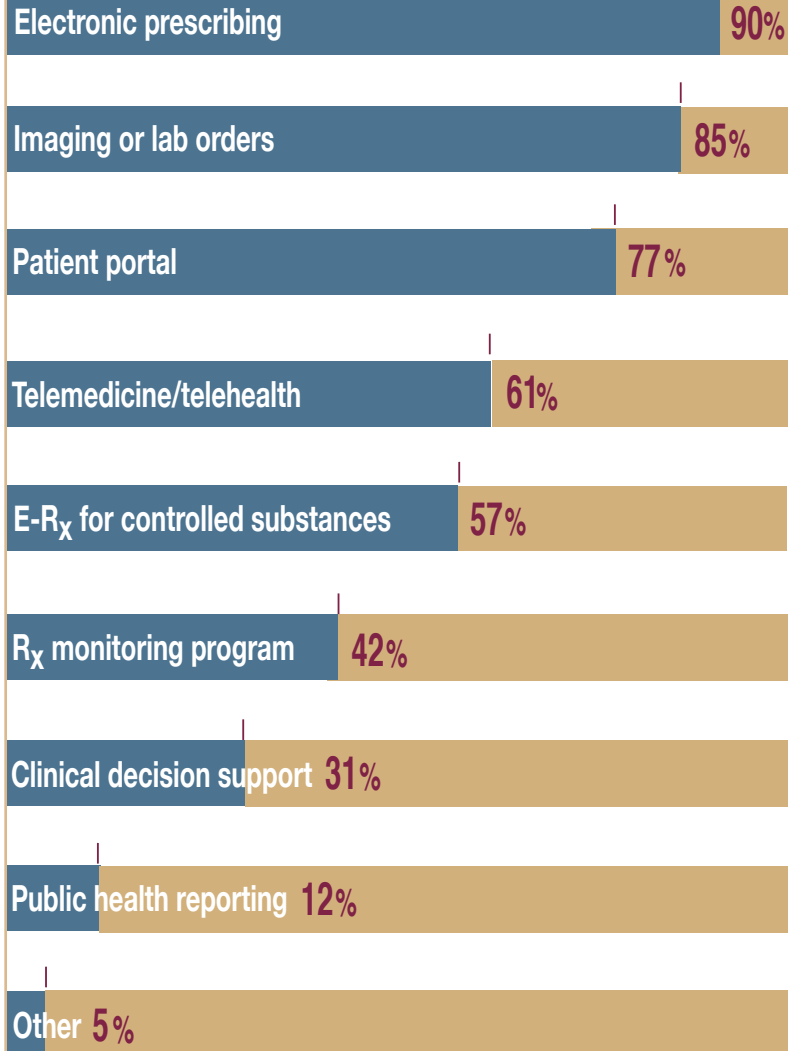

DO EHRs HELP IMPROVE PATIENT CARE?

Usually/Often 49%

Sometimes/Rarely 51%

TOP EHR FUNCTIONS USED

68% OF PHYSICIANS REPORT THEY CAN ACCESS DATA IN THE ILLINOIS PRESCRIPTION MONITORING PROGRAM DIRECTLY THROUGH THEIR EHR
