

# Help Us Stop the Spread of COVID-19

We are implementing extra safety precautions to help protect our patients and staff.

- Face coverings are required
- Physical distancing is required (6-foot minimum)
- Symptomatic patients are separated from other visitors seeking care
- Anyone accompanying the patient is asked to wait outside unless necessary
- Routine cleaning and disinfection procedures for exam rooms and office equipment have been implemented
- Hand washing areas and hand sanitizer are available
- Telehealth visits are offered when possible

**Our staff is staying up-to-date on the best ways to manage and protect our patients against COVID-19.**

**Thank you for helping us keep all of our patients healthy.**

\* Based on the recommendations of the Centers for Disease Control and Prevention.
