In Illinois, opioid prescriptions dropped **34.5%**!

The number of registrants in Illinois’ Prescription Monitoring Program (PMP) increased by 41,694 since Dec. 2015:

- **Dec. 2015**: 29,558 registrants
- **Sept. 2019**: 71,252 registrants

PMP queries grew by more than 2,500%

- **Dec. 2015**: 224,467 queries
- **Sept. 2019**: 5,645,823 queries

**141%** in under 4 years!

Nationwide, opioid prescriptions fell by 33% from 2013-18. To put it in perspective, that’s a decrease of 83 million prescriptions.

In just one year (2016-17), national opioid prescriptions dropped by 12% – more than 20 million prescriptions!
